

“Alexa, are there updates from school?”

Dear parents,

For this new school year, we want to share the Canvas Alexa skill. With the Canvas skill, you can get school updates and homework information by asking Alexa. Using the Alexa app or any Alexa device, you can ask *“Alexa, are there updates from school?”* or *“Alexa, does Jamie have any homework due today?”* Alexa will respond with information available through your Canvas account.

To get started, follow the steps below to set up.

Scan the QR Code to enable the Canvas skill from the Alexa app.

Don't have the app? Download it by searching for “Amazon Alexa” within the app store on your device. Install the app and login using your Amazon credentials.

1. On the Canvas skill's page, click “Enable To Use.”
2. Enter your school/district's name and click “Continue.”
3. Next, enter your Canvas Parent account credentials and click “Log In.”
4. On the next screen, select “Authorize” to complete account linking.

If you don't have an Alexa device, you can download the latest version of the Alexa app, login with your Amazon account, and follow the steps above to set up. Once set up, just open the Alexa app or use your Alexa device and start asking Alexa for school updates.

For more information, visit www.alex-edu.com/parents.

Sincerely,
